

Music Box

The Cooper Temple Clause

This is my music box
And this is my home
Come in take a look if you like
Just you on your own

But don't make you mind up
'Cause it's not done yet
Yeah this is my music box
In a state of regret

'Cause you drag me down
Yeah you drag me down
But I've had a plague of late
A niggles of doubt

Yeah I've had questions of conscience
Of what this is about
Can anyone hear me these days
Did I lose my tongue

Did I lose the battle sweet stuff?
Before I'd begun
'Cause I am a private man
Or am I a whore

We'll settle the bill first then
Well we'll settle the score
Yeah this is my music box
My pride and my joy

Come in take a seat look around
Say hi to the boys
Yeah this is my music box
And this is my home

Yeah this is my sanctuary
Now leave me alone
'Cause you drag me down
Yeah you drag me down
