Sit Dog Sit

Fielfraz

Hold my head like a dog upon your chest
Keep the door open wide for what comes next
Drop me off at your station
Turn me out or turn me on, calling

The finest to me tangled up in honey
The finest to me tangled up in honey

Put me up on the shelf with soap and pearls
and pretend any sudden move could change our worlds
Drop me off at your station
Like a word under your tongue, calling

The finest to me tangled up in honey
The finest to me tangled up in honey

Say: Sit dog sit
Run dog run
Groove dog groove
dog groove dog grooveâ€¦

The finest to me tangled up in honey
The finest to me tangled up in honey

Hold my head like a dog in strings and lines
turn me right back to zero then put another dime in
Drop me off at your station
Iâ€™m calling out out

The finest to me tangled up in honey
The finest to me tangled up in honey

Say: Sit dog sit
Run dog run
Groove dog groove
dog groove dog grooveâ€¦
