That Other Woman (Joe Remix)

Changing Faces

I cant be that other woman
I cant be that other womanYou only see me every Friday night at 9
Cant imagine whatchu told her this time
You never take me to a public place
Worried that somebody might notice your faceFirst to the liquor store and then a motel
Call up your friends just to cover your trail
Not a word until the week goes by
You call me when you want some pieWhy am I crying every night over you?
You're never gonna leave her
Finally, I woke up and smelt the coffee
I understand
Why two women cant share one manI cant be that other woman
I cant love you down cant keep creapin' around
Cant be that other woman
Yes, I want you bad
But she needs you much moreCant be that other woman
I cant love it down cant keep creepin' around
Cant be that other woman
Yes, I want you bad
But she needs you much moreYou never see me on the holidays
You disappear and wont return my page
You take my body in the middle of the night
I aint gon lie 'coz boy you do it so rightAnd then you melt me with them same 3 words
Sweetest seduction that I ever heard
And in the morning at the sun rise
You run to her, I realizeWhy am I crying every night over you?
Your never gonna leave her
Finally, I woke up and smelt the coffee
I understand
Why two women cant share one manCant be that other woman
I cant love you down cant keep creapin' around
Cant be that other woman
Yes, I want you bad
But she needs you much moreCant be that other woman
I cant love you down, can't keep creepin' around
Cant be that other woman
Yes, I want you bad
But she needs u much moreCan I get a witness
(Yes, you can)

Can I get a witness
(Oh, yeh, oh, yeh, yeh, yeh)Can I get a witness
(You know you can)
Have you ever been in love with another girl's man
Can I get a witness
(Yes, you can)Can I get a witness
(Oh, yeh, oh, yeh, yeh, yeh)
You said, youd leave a thousand time
But I wont believe till the papers are signedI can't be that other woman
I wont believe it no
I gotta be the only one
Yes, I want you bad but she needs you much moreCant be that other woman
I cant look it down cant keep creapin' around
Cant be that other woman
Yes, I want you bad
But she needs you much moreIn the morning with the sunrise
You will run to her
No, you're never gonna leave her
So Im saying, goodbyeIn the morning with the sunrise
You will run to her
No, you're never gonna leave her
So Im saying, goodbyeCant be that other woman
I cant look it down cant keep creapin' around
Cant be that other woman
Yes, I want you bad
But she needs you much moreCant be that other woman
I cant look it down cant keep creapin' around
Cant be that other woman
Yes, I want you bad
But she needs you much moreCant be that other woman
I cant look it down cant keep creapin' around
Cant be that other woman
Yes, I want you bad
But she needs you much more
