

Not Tonight Santa

Girls Aloud

No Santa this morning
I guess my note got through
I told him quit calling
'Cause all I want is you Gotta get a minute
Gotta get you on your own
Your baby sister's sleeping
And your daddy's on the phone I'm sure you're hiding something hot
You wanna give to me
And not another pair of socks from
Underneath the tree Oh, oh, you give me something I could never
Get from Santa Claus, baby
Oh, oh, I'll let you peep inside my stocking
If you show me yours No stocking this morning
But that don't make me blue
There's one thing I'm wanting
That I can only get from you Gotta get a minute
Gotta get you on your own
Your baby sister's sleeping
And your daddy's on the phone I'm sure you're hiding something hot
You wanna give to me
And not another pair of socks from
Underneath the tree Oh, oh, you give me something I could never
Get from Santa Claus, baby
Oh, oh, I'll let you peep inside my stocking
If you show me yours Oh, oh, you give me something I could never
Get from Santa Claus, baby
Oh, oh, I'll let you peep inside my stocking
If you show me yours Don't get crazy, Santa baby
You know I'll always leave a little treat for you
It might sound stupid but I need cupid
More than all the presents that I think I'm due Oh, oh, you give me something I could never
Get from Santa Claus, baby
Oh, oh, I'll let you peep inside my stocking
If you show me yours Oh, oh, you give me something I could never
Get from Santa Claus, baby
Oh, oh, I'll let you peep inside my stocking
If you show me yours, baby
