

Don't Forget About Today

Hangnail

What you're doing now
Leaves you on the ground
No use growing up
Your walk's slowing downWhen you think about tomorrow
Don't forget about today
When you're thinking of tomorrow
Don't forget about todayWasting time away
Wait another day
Putting God on hold
Leaves you in the coldWhen you think about tomorrow
Don't forget about today
When you're thinking of tomorrow
Don't forget about today
