

# Oh Mother Earth

[Neil Young](#)

Oh, Mother Earth, Once more laid down With your fields of green by the hungry hand give and not receive  
How long can you And feed this world ruled by greed And feed this world ruled by greed. Your healing light,  
Oh, ball of fire In the summer sky Are they betrayed your parade of days Who hold this world in their changing  
hands. by the men of power in their changing hands They hold the world Oh, freedom land Can you let this go  
Down to the streets Respect Mother Earth Or trade away where the numbers grow and her giving ways Or trade  
away our children's days our children's days. and her giving ways Respect Mother Earth Or trade away our  
children's days.
