Wish

Device

Advisory - the following lyrics contain explicit language:

This is the first day of my last days
I built it up now I take it apart climbed up real high now fall down real far
No need for me to stay the last thing left I just threw it away
I put my faith in God and trust in you
Now there's nothing more fucked up I could doWish there was something real
Wish there was something true
Wish there was something real in this world full of youI'm the one without a soul I'm the one with this big fucking hole
No new tale to tell twenty six years on my way to Hell
Gotta listen to your big time hard line bad luck fist fuck
Don't think you're having all the fun
You know me I hate everyoneWish there was something real
Wish there was something true
Wish there was something real in this world full of youWish there was something real
Wish there was something true
Wish there was something real in this world full of youWish there was something real
Wish there was something true
Wish there was something real in this world full of you
This world full of you
This world full of you
This world full of you
