

# One In a Million

## Pet Shop Boys

Ooh ooh ooh  
Ooh ooh ooh Why this uncertainty  
It's not clear to me?  
Would you rather be independent? Have I lost your love?  
Have you had enough?  
Do you feel too much resentment? How can I make you see  
When you disagree  
That you just can't leave? One in a million men  
Could change the way you feel  
One in a million men  
Baby, it's up to me I won't stand in your way  
I can make you stay  
Though, of course, I feel rejected You're a part of me  
You're the family  
I can't bear to leave One in a million men  
Could change the way you feel  
One in a million men  
Baby, it's up to me Feel free to leave  
If you think you're trapped but  
Please believe, I'll always want you back One in a million men  
Could change the way you feel  
One in a million men  
Baby, it's up to me One in a million men  
Could change the way you feel  
One in a million men  
Baby, it's up to me Ooh ooh ooh  
Ooh ooh ooh One in a million men  
Could change the way you feel  
One in a million men  
Baby, it's up to me One in a million men  
Could change the way you feel  
One in a million men  
Baby, it's up to me
