One Kiss

Kenny Johnson

Oohh oohh yeah
Oohh yeah yeah
[Verse 1]It's not like you know me
If feels like you've known me forever I can't deny (can't deny)
That you've got to hold up and i can't control of how no matter how hard I try.
[Hook]You threw me into the fire I just can't escapee..
[Chorus]One kiss and I can't quit its not what I planned
Its out of my hand (you've got me)
lovesick of the one kiss but I'll take a chance its out of my hand (you've got me)
One kiss just one kiss
Its not what I planned
One kiss just one kiss
[Verse 2]Instant attraction
Lost in the passion
That's always left behind.
And the moment it happened
I knew I was trapped in
When my heart made up my mind
[Hook]You threw me into the fire I just can't escapee..
[Chorus]One kiss and I can't quit its not what I planned its out of my hand (you've got me)

Lovesick off the one kiss but I'll take a chance its out of my hand (you've got me)
One kiss just one kiss
Its not what I planned
One kiss just one kiss
Its out of my hand
One kiss just one kiss
Its not what I planned
One kiss just one kiss
Its out of my hand
[Bridge]Never knew that just one kiss would make me oh so deep
Just one hit and this is it your lips make me so weaakk.
One kissss yessss
[Chorus]One kiss and I can't quit its not what I planned its out of my hand (you've got me)
Lovesick off the one kiss but I'll take a chance its out of my hand you've got me
One kiss just one kiss
Its not what I planned
One kiss just one kiss
Its out of my hand

One kiss just one kiss
Its not what I planned
One kiss just one kiss
Its out of my hand
One kiss one kiss
One kiss oohhh your into me
What you do to me
One kiss.
