Stop

Sasha Primitive

Stop
Turn the lights off tonight
And let my eyes shine bright
Turn the lights off tonight
I wish this night will never
Stop

Turn the lights off tonight

Stop
Turn the lights off tonight
And let my eyes shine bright
Turn the lights off tonight
I wish this night will never

Turn the lights off tonight
And let my eyes shine bright
Turn the lights off tonight
I wish this night will never
Stop

Turn the lights off tonight
And let my eyes shine bright
Turn the lights off tonight
I wish this night will never
Stop

Turn the lights off tonight

Stop
