

Forever

Goldfrapp

Here I wanna be a stranger
Drift in and then out, just linger
Slow motion, you fall like a blossom
Way out there on a star, nova lazyLife, love
Just in life
Love, love
Love, loveWrite it down but don't send the letter
When it shines we're forever
Here I wanna be a stranger
Way out there on a star, nova lazyLife, love
Just in life
Love, love
Love, love
