

Silent Water

Blue System

A cold wind blow
Baby, across my heart
And a heart of a clown
Oh, just break apartStep inside
Love will keep you warm
Or a river to cross
You did it with your charmOh, come send me an angel
Oh, come send me some love
It's hard and I feel it
When I fall in loveSilent water, nights of heartache
Silent water, full of tears
I'm a man with broken heart, babe
I'm lost in pain and fearsSilent water, where we start, babe?
Silent water, full of pride
Here, the ocean in my heart, babe
Alone, oh, I have criedI saw you in my world
Baby, just for love
While a love is all
No mountain's high enoughWe understood
Baby, we can't go on
Just take my hand
In the lights of dawnCome send me an angel
Oh, come send me some love
It's more than a feeling
When I fall in loveSilent water, nights of heartache
Silent water, full of tears
I'm a man with broken heart, babe
I'm lost in pain and fearsSilent water, where we start, babe?
Silent water, full of pride
Here, the ocean in my heart, babe
Alone, oh, I have criedSilent water, nights of heartache
Silent water, full of tears
I'm a man with broken heart, babe
I'm lost in pain and fearsSilent water, where we start, babe?
Silent water, full of pride
Here, the ocean in my heart, babe
Alone, oh, I have cried
