Every Time I Dream

Erick Baker

Every time I dream â€“ Erick Baker

These days, times an enemy
Iâ€™m fighting against my memories
Play all messages, to hear your voice
Iâ€™d change the past if I had the choice
But I canâ€™t face the fact that youâ€™re not here with me
Cause I am with you every time I dream
Every time I dream

I seek salvation in the silence of my sleep
A second chance tomorrow never brings
It takes me to a place where we still young
Unaware of what weâ€™ll become
But all as well I donâ€™t care how it seems
Cause I am with you every time I dream
Every time I dream
Every time I dream
Every time I dream

Oh god donâ€™t bring the morning in
Let me stay and just be there
Cause I donâ€™t wanna wake up again
It hurts so much to wake up
It hurts so much to wake up
Hurts so much to wake up, alone

I donâ€™t feel so alone 6x

Every time I dream
Every time I dream
Donâ€™t wake me up
Donâ€™t wake me up, no

Donâ€™t wake me 2x
Donâ€™t wake me up, no
