

Just Wanna

Tate Tucker

We just want the squad to be guapin'
She just wanna roll cause we poppin'
We just wanna rock wit the hip hop
She just tryna cuff like a wristwatch

We just want the squad to be guapin'
She just wanna roll cause we poppin'
We just wanna rock wit the hip hop
She just tryna cuff like a wristwatch

[Verse 1]

We just wanna, hold that thought
Iâ€™m a, little distracted
Shorty ass looking just a
Little protracted
She just wanna toss this bird roll acid
Took her to the road she hit the plug for that action
I can see the mission, women filling me with cynicism
Competition made me hate the reliable criticism
Decision decisions Iâ€™m eating these women for dinner
Fillin' up with salt

[Pre-Hook]

Hit it so good
That you never feel bad
Rollin up another wood
How could we ever be mad

[Hook]

We just want the squad to be guapin'
She just wanna roll cause we poppin'
We just wanna rock wit the hip hop
She just tryna cuff like a wristwatch

We just want the squad to be guapin'
She just wanna roll cause we poppin'
We just wanna rock wit the hip hop
She just tryna cuff like a wristwatch

[Verse 2]

And now we both lit
Roll another spliff
Me and your b*tch down at station 26
In the 3-1-0, but she says she's from the six
I'm not mad cuz she's steady wit the sh*ts
Like (skrtt)
Shawty dropped 24 karats on the wrist
Sugar momma callin', ballin', I'm hollerin' at this
She wants the triple double, I told her I never miss
I told her I wanna hit

[Pre-Hook]
Hit it so good
That you never feel bad
Rollin' up another wood
How could we ever be mad

[Bridge]
Now how I'm gon' let that banging body go
Cause you never making money long with a camera phone
But if you feel how I feel, oh baby
You would rock with me (yeah yeah yeah)
You would rock with me (oh oh oh)

[Hook]
We just want the squad to be guapin'
She just wanna roll cause we poppin'
We just wanna rock wit the hip hop
She just tryna cuff like a wristwatch

We just want the squad to be guapin'
She just wanna roll cause we poppin'
We just wanna rock wit the hip hop
She just tryna cuff like a wristwatch
