Criminal Image

Screaming Females

A little fiction in flight
I'll be your violent denial
Criminal image of youYou're a scepter in the dark
Gold tyranny to my heart
Criminal image of youI draw your blood, seeped in sin
Drag a needle on your skin
Your hands have got me unglued[?] bars, and we speak
You spin the spell, and I'll weep
Criminal image of youYou're a siren, anything I want
Everything I want
You're a siren, anything I want
Everything I want
I'll take my bed in twelve years
Gathering cups of your tears
Searing moss everywhere nearChange of your purse in sickness
When I taste blood in your kiss
The type of trap holding meLashed out, no purpose, just pain
Three thousand miles away
Criminal image of youMy downfall, you made it stop
Your heart is hard as a rock
Criminal image of youI have been so small in my head
I'm a hole in yours
I have so small in my head
But you've gone and [?]
You're a siren, anything I want
Everything I want
You're a siren, anything I want
Everything I wantInitial on every pill
The chemicals keep me still
Burnt sense, it absent of youHolding your picture at most
The only way I'll get close
Standing way back in the queueCrimson red paint on my door
You slipped over me before
Criminal image of youAnd I am bound in your sleep
Prisoner to all your dreams
Criminal image of you
