Smile

Pearl Jam

Don't it make you smile? (2x)
When the sun don't shine it don't shine at all...
Don't it make you smile?
Don't it make you smile?
Don't it make me smile? Yeah...
When the sun don't shine it don't shine at all...yeah...
Don't it make me smile?
I miss you already yeah...I miss you always...
I miss you already yeah...I miss you all day...
This is how I feel...
I...I miss you already yeah...I miss you always...
The crooked heart swells all around, yeah...I miss you all day...
The crooked heart swells around, yeah...
Don't it make you smile? (2x)
The crooked heart swells around...
