Breakaway

Another birthday passed me by
I think I finally see
It's time to move out and move on
To bigger and better thingsAll the stars shine so bright
Maybe I should pack my things
And fly into the skyI just gotta breakaway
I just wanna breakawayI've fallen face down in the mud
I never even slipped
Maybe I'm too old to know
I'm more than just a kidAll the starts shine so bright
Maybe I should pack my things
And fly into the skyI just gotta breakaway
I just wanna breakaway
I just gotta breakaway
And get back on my feet
A little everydayCame to a fork stuck in the road
My mind is crystal clear
I know exactly where to go
Anywhere but hereAll the stars shine so bright
Maybe I should pack my things
And fly into the skyI just gotta breakaway
I just wanna breakaway
I just gotta breakaway
And get back on my feet
A little everydayI just gotta breakaway
I just gotta breakaway
I just gotta breakaway
And get back on my feet
A little everyday
