

No One Can Love You More (feat. Gerald Albright)

Will Downing

No one can tell me
That Im pretending
Why should I play games?
Loves not a plaything Questions people ask of me for loving you
Why should I say the reasons on my own? No one is wanting more than I want you
No one is needing more than I do
No one is wanting more than I want you
No one is needing more than I do No, Im not dreaming
Love has a meaning
Youre all I live for
No on can give more Questions people ask of me for loving you
Why should I say the reasons on my own, my own, baby? No one is wanting more than I want you
No one is needing more than I do
No one is wanting more than I want you
No one is needing more than I do No one is wanting more than I want you
No one is needing more than I do
No one is wanting more than I want you
No one is needing more than I do No one is wanting more than I want you
No one is needing more than I do
No one is wanting more than I want you
