

Human

Brief Encounter

I am not a genie
Or aladdin in a lamp
I can't even do magic
Or pull the rabbit from a hat, now

I feel I will
(I will get you back)
Get you on your knees
(Get you on your knees, yeah)
I want real life (All!)
Shines all through the night
(Ahh 4x)

Chorus:
Ooh honey (Ooh honey)
Please understand (understand!)
I'm only just a man
(just a man, just a man, yeah)
I'm only (human)
Only (human)
(Human! I am only human!)
Yes, I'm only (human)
Only (human)
(Human!, I am only human!)

I don't have divine powers
And even can't bring rain from the sky, no
I'm not a fortune teller
who never had on the crystal ball

I will, if I can
(I will, if I can)
When you weren't so great
(When you weren't so great, yeah)
I feel for heaven
(Ahh!)
Give love, and will always be your man
(Ahh 4x)

Chorus:

Ooh honey (Ooh, honey)
Please understand (understand!)
I'm only just a man
(just a man, just a man, yeah)
I'm only (human)
Only (human)
(Human! I am only human!)
Yes I am
I'm only (human)
Only (human)
(Human!, I am only human!)

With you I'm only human
Yes I am
Flesh and bone
Simple man
Yeah, Na-de-nah
Ooh ohh
Na-de-nah
Listen to me
