## Zeromancer

It's the real thing
Safety's off, are you there
Are you there for me by my side
An angel who dodge the bullets wideIt feels right on a beach when you talk
You talk without a sound
And when you walk
Your feet hardly touch the groundBut you're there by my side
But you're there for meWhen all this is over
Heaven knows I'm going nowhere
I was only dreaming
Censored for a deeper meaningIt wears off like lipstick on your skin
Like a day that won't begin
Waking up you can't remember
Where you've beenBut you're there by my side
But you're there for meWhen all this is over
Heaven knows I'm going nowhere
I was only dreaming
Censored for a deeper meaningWhen all this is over
Heaven knows I'm going nowhere
I was only dreaming
Censored for a deeper meaningBut you're there by my side
But you're there for meIt's time we get things straight
Are you there?
Are you there for me, back for good?
It's 6 A.M. in HollywoodWhen all this is over
Heaven knows I'm going nowhere
I was only dreaming
Censored for a deeper meaningWhen all this is over
Heaven knows I'm going nowhere
I was only dreaming
Censored for a deeper meaning
