Watch It Burn

Lucero

You said you're tired of this goddamn town.
You said you're gonna burn it all down.
Drive your car to the end of the bridge.
Sit and watch the smoke rise.
Lay on your hood at the top of the ridge.
Gonna watch it all burn tonight...
Well alright.
You said you fell for a boy at the bar.
Only thing burning was the flame in your heart.
Drive your car to the end of the bridge.
Sit and watch the sun rise.
Lay on your hood at the top of the ridge.
Gonna fall in love tonight ...
Well alright.
You said you're tired of this goddamned town.
You said you're gonna burn it all down.
You said you fell for a boy at the bar.
Only thing burning was the love in your heart.
C'mon baby lets watch it all burn.
C'mon baby lets watch it all burn.
C'mon baby lets watch it all burn.
C'mon baby lets watch it all burn.
