

# Sandalwood

[Lisa Loeb](#)

She can't tell me that  
All of the love songs have been written  
'Cause she's never been in love  
With you before Your skin smells lovely like sandalwood  
Your hair falls soft like animals  
I'm tryin' to keep cool  
But everyone likes you Well, I want to kiss the back of your neck  
The top of your spine where your hair hits  
And gnaw on your fingertips and fall asleep  
I'll talk you to sleep But I'll be the one and I will have chosen  
I'm tryin' to keep cool  
But everyone here likes you  
I'm not the only one Your skin smells lovely like sandalwood  
Your hair falls soft like animals  
And nothing else matters  
To me And she can't tell me that  
All of the love songs have been written  
'Cause she's never been in love  
With you before, in love with you before Your hand, so hot, burns a hole in my hand  
I wanted to show you
