

Sweet Child of Mine

[Caleb Collins](#)

Sweet child of mine yeah
Sweet child of mine
Don't you know how I love you so
Sweet child of mine Body and soul you 're a marvel child
I've walked with you for many weary miles
And like an open book I have watched you grow
How much you mean to me you'll never know Sweet child of mine yeah
Sweet child of mine
Don't you know how I love you so
Sweet child of mine There's not a place you can hide from me
I know what you think before you even speak
And I am here behind you and I'm up ahead
Your days were planned before you ever lived Sweet child of mine yeah
Sweet child of mine
Don't you know how I love you so
Sweet child of mine Instrumental Break Sweet child of mine yeah
Sweet child of mine
Don't you know how I love you so
Sweet child of mine Oh don't you know how I love you so
Sweet child of mine
