

Fight for You (Sultan & Ned Shephard Remix)

[Morgan Page](#)

Meeting, you here, the night's alight with midnight cheer
Our dust still, unsettled, I feel the plucking of our petals
I'm drawing circles don't you know, protect the seed, that wants to grow
To a garden, part of my territory I'd fight for you
I never knew that I could feel this way
I'm right for you
This kinda love don't happen everyday Be friendly, but cautious, you're gonna have to count your losses
Easily, attracted, but dangerous to get distracted
I'm drawing circles don't you know, protect the seed, that wants to grow
To a garden, part of my territory I'd fight for you
I never knew that I could feel this way
I'm right for you
This kinda love don't happen everyday I'd fight for you
I didn't wanna have to raise my voice
I'm right for you
You really leave me with no choice So what do you want, and what are you thinking?
Isn't it about time you stuck up for me?
But what you can't see, is we're under siege
and I only fight, because I, believe
Not gonna share you no I'd fight for you
I never knew that I could feel this way
I'm right for you
This kinda love don't happen everyday I'd fight for you
I didn't wanna have to raise my voice
I'm right for you
You really leave me with no choice I'd fight for you
I didn't wanna have to raise my voice
I'm right for you
You really leave me with no choice I'd fight for you
I'm right for you
