How High

Tricky

Tricky & Costanza:
If I say jump jump
You say how high
Standing like a mannequin
Mannequins don't fly
Don't swim don't grin
Take it like a real man
Take it fake it
Then she ran
I try to show you
But I don't know you
I try to know you
But I can't grow you
Watch
See me how I fly fast
See me how I fly past
No time for rest separate
For the rest separate
For the rest now
Watch
See me how I fly fast
See me how I fly past
Please you will move quick
You're making me real sick
No go no chnace
I don't slow I don't dance
I try to show you

But I don't know you
I try to know you
But I can't grow you
Watch
See me how I fly fast
See me how I fly past
No time for rest separate
For the rest separate
For the rest now
Watch
See me how I fly fast

See me how I fly past
If I say jump jump
You say how high
Standing like a mannequin
Mannequins don't fly
Don't swim don't grin
Take it like a real man
Take it fake it
Then she ran
(2x)
I try to show you
But I don't know you
I try to know you
But I can't grow you
