CARIÃ‘O

CARIÃ‘O

Baby, never have I ever wanted anyone like I want you babe
Come and let me show you just how much I feel inside
I got so much love
Oh baby, when I get near you
Ooh, I can't control what I'm feeling
Baby
I got so much love to give that I would probably want all the timeCarino, carino, carino, carino
I gotta have your love, carino
Need to feel your touch, carino
Never get enough, carino, carinoI wish that I could spend all my days
And nights wrapped in your arms
Spending time with you 'cause all I see
In this world is me and you and no one elase, ooh
I want you more and more
Oh baby, please understand me
I think that you deserve me
Cause I'm the type that would give you all the love
And affection that you needCarino, carino, carino, carino
I gotta have your love, carino
Need to feel your touch, carino
Never get enough, carino, carino
