Forever

De La Soul

[Chorus:]It may not mean nothing to yall
But understand nothing was done for me
So I dont plan on stopping at all
I want this shit forever mine, ever mine, ever mine
Im shutting shit down at the mall
And telling every girl she the one for me
And I aint even planning to call
I want this shit forever mine, ever mine, ever mine, ever mine
[Drake]Last name ever
First name greatest
Like a sprained ankle boy I aint nothing to play with
Started off local but thanks to all the haters
I know G4 pilots on a first name basis
In your city faded off the brown, Nino
She insists she got more class, we know
Swimming in the money come and find me, Nemo
If I was at the club you know I ball, chemo
Drop the mixtape that shit sounded like a album
Who'da thought a country wide tour'd be the outcome
Labels want my name beside the X like Malcolm
Everybody got a deal, I did it without one
Yeah nigga Im about my business
Killing all these rappers you would swear I had a hit list
Everyone who doubted me is asking for forgiveness
If you aint been a part of it at least you got to witness
Bitches
[Chorus][Kanye West]I used to have hood dreams
Big fame, big chains
I stuck my dick inside this life until that bitch came
I went hard all fall like the ball teams
Just so I can make it rain all spring
Yall seen my story my glory
I had raped the game young
You can call it statutory
When a nigga blow up they gon build statures of me
Old money Benjamin Button, whaat, nuttin
Now superbad chicks giving me McLovin
You would think I ran the world like Michelles husband
You would think these niggas would know me when they really doesnt

Like they was down with the old me no you fucking wasnt
Youre such a fucking loser
He didnt even go to class Bueller
Trade the Grammy plaques just to have my granny back
Remember she had that bad hip like a fanny pack
Chasing the stardom will turn you into a maniac
All the way in Hollywood and I cant even act
They pull their cameras out and God damn they snap
I used to want this thing forever yall can have it back
[Chorus][Lil Wayne]Ok, hello it's da Martian
Space jam Jordans
I want this shit forever wake up and smell the garden
Fresher than the harvest
Step up to the target
If I had one guess than I guess Im just New Orleans
And I will never stop like Im running from the cops
Hop up in my car and told my chauffeur to the top
Life is such a fucking roller coaster then it drops
But what should I scream for this is my theme park
My minds shine even when my thoughts seem dark
Pistol on my side you dont wanna hear that thing talk
Let the king talk check the price and pay attention
Lil Wayne thats what they got to say or mention
Im like Nevada in the middle of the summer
Im resting in the lead I need a pillow and a cover
Shhh, my foots sleeping on the gas
No brake pads, no such thing as last
[Chorus][Eminem]There they go, back in stadiums as Shady spits his flow
Nuts they go, macadamian they go so ballistic, whoa
We can make them look like Bozos
He's wondering if he should spit this slow
Fuck no! Go for broke
His cup just runneth over, oh no
He aint had a real buzz like this since the last time that he overdosed
Theyve been waiting patiently for Pinocchio to poke his nose
Back into the game and they know
Rap will never be the same as before
Bashing in the brains of these hoes
And establishing a name as he goes
The passion and the flame is ignited
You cant put it out once we light it
This shit is exactly what the fuck that Im talking about when we riot
You dealin with a few true villains
Whose stand inside of the booth truth spillin
And spit true feelings, until our tooth fillings come flying up out of our mouths

Now rewind it!
Payback muthafucka for the way that you got at me hows it taste?
When I slap the taste out your mouth with the bass so loud that it shakes the place
Im Hannibal Lecter so just in case youre thinking of saving face
You aint gonna have no face to save by the time I'm through with this place
So Drake
[Chorus]
