Behind the Barn

Steve Miller Band

Well, I went to see my woman
Way back down on the farm
Went to see my woman
Way back on the farm
Sundown's gonna catch me
In my sweet baby's armsShe likes to rock
She likes to roll
She likes to
Push, push, push to the stroll
Down, down, down, down
Down behind the barn
Sundown's gonna catch me
In my sweet baby's armsYou know, we went up on the mountain
Looked down on the sea
Went up on the mountain
And we looked down on the sea
You know, sundown's gonna catch me
Lovin' my sweet babyShe likes to rock
She likes to roll
She likes to
Push, push, push to the stroll
Down, down, down, down
Way behind the barn
Sundown's gonna catch me
In my sweet baby's arms
