

Venis

Ramriddlz

[Verse 1]

I like it when your hair curly
Like it when it's straight
Cause I like you straight
Wouldn't want you any other way
Not much left to say
But I'm here to stay
Girl I'm on a wave
Are you on your way, downtown
I fly to you then I fly home
You call my phone
Babes I'm on a roll
I gotta go, I'm on the road
Girl just take control
We can take it slow
Bahebak moot

Bahebak moot[Chorus]

I always said I love you, couldn't get between us
But all you're wanting is was space like Venus
I always said I love you, couldn't get between us
But all you're wanting is space like Venus

But all you're wanting is space, but all you're wanting is space[Verse 2]

Mama call my phone
Habibi when you comin' home
Aw you should know
I'm gone cause I'm grown
Life's got me, but I'm holding on
Spending Way too much time from home
I, Gotta get in my zone
Feels like I'm out here on my own
Distant, you done made us distant
Now that your best friend's on the west end
Through the phone still I be kissing
Its your estrogen I be missing
Back when we were driving down Winston
Told you palm trees was the mission
Now you missing
And I'm missing you
I know what you are, but what am I

Remember the first time oh what a night

We did drugs and boozies

Then I touched your booty

Butterflies from the wine [?]

[?]

Your lips on mine

Two lips on mine

Take control of me[Bridge]

Take control of me

Take, take, take control of me

Take control of me

Take control of me

Take control of me

Take control

Take control of me

Take control, take control of me

Take control

Take control of me[Verse 3]

You the only one that I stress 'bout

Cause you the only one that upsets me

You the only one that got me stressed out

Cause you the only one that gets me

You the only one

You the only one I want I want

You the only one

You the only one to hold me down

No time to sleep, sleep, sleep

Days turned to weeks, weeks, weeks

Now we in too deep

Thinking about you I keep

And how we used to share them sheets

Now you can't stay around me

All you do is weep, weep, weep

My phone goes beep, beep, beep

I don't know why I know that why what you do what you do to me[Outro]

Take control, take control, take control

We can take it slow, take it slow, take it slow

Bahebak moot, bahebak moot, bahebak moot

Take control, baby take control

Take control of me

Take control of me

Take control, take control of me

Take control of me
