

# A Change

## Flipsyde

[Verse 1]

If it wasnt for my pain  
Then I wouldnt know my strength  
If it wasnt for my future  
I wont be fightin here today And of course, I know my way up  
Cause I fell the same way down  
What matters is what you do  
When the troubles come around Take a step now  
Get up on your feet  
Gotta be brave  
No clouds above thee Follow your heart  
And then youll see  
Theres always a way  
Hold on tight  
Tomorrow will bring  
Every key to every locked dream  
It aint hard as it seems [Chorus]

Baby dont cry  
Things are bout to change  
Baby dont cry  
Things are bout to change  
And all the hurt and the tears  
Will be just history  
And all the doubts and the stress  
Will be just history  
And all the hurt and the tears  
Will be just history  
And all the doubts and the stress  
Will be just history [Verse 2]  
Your mind carries heavy weight  
And your knees are kinda weak  
You wanna run and fly away  
But you hurt the wound is deep You feel like its time to give up  
When your soul is cryin loud  
Nothing lasts forever  
You will find your way Take a step now  
Get up on your feet  
Gotta be brave  
No clouds above thee Follow your heart

And then you'll see  
There's always a way  
Hold on tight  
Tomorrow will bring  
Every key to every locked dream  
It ain't hard as it seems [Chorus]  
Baby don't cry  
Things are bout to change  
Baby don't cry  
Things are bout to change  
And all the hurt and the tears  
Will be just history  
And all the doubts and the stress  
Will be just history  
And all the hurt and the tears  
Will be just history  
And all the doubts and the stress  
Will be just history [Verse 3]  
I only wanna be a real man  
I already got a real plan  
I ain't gotta be rich  
I ain't gotta have wealth I just do the best I can  
Cause the life of a child  
Innocents worth more  
Than a ring and ya new jeans Got love in my life  
And that's all that I need  
You believe and you succeed  
And through the pain and the hard times We push on with our head high  
Each one reach one clothe one feed one  
Do it right now, it's time Things about to change  
Oh yes, we can  
Things about to change  
Yes yes we can Things about to change  
Oh yes, we can  
Things about to change  
Yes yes we can Things about to change  
Oh yes, we can  
Things about to change  
Yes yes we can [Chorus]  
Baby don't cry  
Things are bout to change  
Baby don't cry  
Things are bout to change  
And all the hurt and the tears  
Will be just history

And all the doubts and the stress  
Will be just history  
And all the hurt and the tears  
Will be just history  
And all the doubts and the stress  
Will be just history
