Satisfied Man

Stephen Kellogg

There's somethings you never get over
Whatever your parents say
First on my list of these three things
Is the sight of my father walking away
Next on my list would be heaven
I already know what it's like
Cause I fell in love when I was 16 with the absolute love of my life
Last on my list would be losing
But someone always needs to win
And thumbing your nose at the boss I suppose just feels like a beautiful thingAnd it's something that nobody tells you
You figure it out if you can
Well there's one thing on earth that no one can touch
It's the sleep of a satisfied man
Yeah the sleep of a satisfied manAnd I don't know why I love believing
But it's not from lack of loving you
You can't remember when you stopped breathing and I can't remember it too
But I'm coming home tomorrow
And I wanted you to know
That the part of me that can make you smile is the same part that needed to goAnd it's something that nobody tells you
You figure it out if you can
Well they can't interfer or get inside of here
To the sleep of a satisfied man
Yeah the sleep of a satisfied manOf all the things I've had to learn
One won't quit
No matter how I try
One won't quit
It's all that I can stand
One won't won't quit
I'll never learn to say goodbye
But I hope for your sake that you canAnd on April 2nd the birth of my heart
The day that the zombie awoke with a start
When I fell for Button and she fell for me
Back in the spring of 1993
January 7th 2005 the birth of my blood came fully to life
When I see St. Peter and ask for my wings
Just leave me that memory and the joy that it bringsIt's something that nobody tells you
You figure it out if you can

It's the things that you never get over
Build the character of a manAnd if heaven and family and children
Are what's left of me when I die
Then I hope for your sake that you're better than me at this learning to say goodbyeYeah if heaven and family and children
Are what's left of the race that I ran
Then I'll quietly slip to the slumbering peace of the
sleep of a satisfied man
Yeah the sleep of a satisfied man
Yeah the sleep of a satisfied man
I'm satisfied
