

Songa Mbele

Billy Black

Youâ€™ve been running away,
Running away from you
This time please be honest this time
Remember be true
Youâ€™ve been lying I know,
Lying I know you do
No more secrets this time,
No more spreading the lies with the truth

Eh, eeey
Eh, eh

Usilie usiogope
Songa mbele
Songa mbele usiache

Youâ€™ve been hiding your face,
Hiding your face from you,
Just believe in yourself
Lay your worries to rest
You will make it through
Youâ€™ve been trying I know
Trying I know you do
Donâ€™t give up on yourself
Soon you will make it through

Eh eeeh
Usijali eh

Usiwache usiogope
Songa mbele
Songa mbele

(Oohhh)

Wacha tu waseme
Wacha tu waseme
You will be okay

I wrote this special song for no one else but you

From my broken heart to yours

Wacha tu waseme

Wacha tu waseme

You will be just fine

I ask the Lord to keep you safe for me tonight

From my broken heart to yours

Wacha tu waseme

Wacha tu waseme

You will be okay

I wrote this special song for no one else but you

From my broken heart to yours
