Cuffed

Nick Hakim

It's been years since you came around these parts of my mind
All I can recall is you restin' naked every time
You handcuffed yourself to your mother's bed that one night
You left the front door unlocked waiting for me to arrive homeI learned all about lust
Dominatrix, always thinking about myself
I used to wonder what I'd do without youIt's been years now and they saw my vices without shame
It's a beautiful world
The hips and levers tie me up in your room
I am grateful I found a lover, a queen
That shines right through the gloom
It's a beautiful world
The hips and levers tied me up in your roomShe taught me to make love
With patience
Not just thinkin' about myself, ohYou really feel the other person
Oh my lover
What will I do without you?
And I wonder
What I'd do without youWouldn't have taught me love
lays in front of me every morningIt's been years since you came around to these parts of my mind
All I can recall is you restin' naked every time
You handcuffed to yourself to your mother's bed that one night
You left the front door unlocked waiting for me to arrive
