

Kush Corinthians

Kendrick Lamar

Ride to it, ride to it
Cause you never know
When a bullet might hit
And you die to it, die to it
Die to it, die to it
Live your life, live it right
Be different, do different things
Don't do it like
He did, cause he ain't what you is
But we can win, wait
Let's be straight, to the point To the meaning of life
What's my purpose? Maybe this Earth is
Ain't a good place to be
How far is heaven? Let's see
Is it in the clouds like they said it would be?
I wonder when I die
Will he give me receipts?
I wonder will the eyes of the lord look at me?
Look at me, look at me, I'm a loser, I'm a winner
I'm good, I'm bad, I'm a Christian, I'm a sinner
I'm humble, I'm loud, I'm righteous, I'm a killer
What I'm doing, I'm saying that I'm human
Now people just Ride to it, ride to it
Cause you never know
When a bullet might hit
And you die to it, die to it
Die to it, die to it
Live your life, live it right
Be different, do different things
Don't do it like
He did, cause he ain't what you is
But we can win, wait
Let's be straight, to the point It go 1, 2, 3
Two in the front
One in the back seat
Seat, seat, seat
Looking for a victim of an AK-47
100 round each, each, each
But why must we retaliate?

Is it human nature?
I don't know
I look for the answers later
Make a right, there they go!
Some times gotta Ride to it, ride to it
Cause you never know
When a bullet might hit
And you die to it, die to it
Die to it, die to it
Live your life, live it right
Be different, do different things
Don't do it like
He did, cause he ain't what you is
But we can win, wait
Let's be straight, to the point As I open this book and then burn up some of this reefer
My plan is to figure out the world and escape all my demons
I'm dying inside, I wonder if Zion inside the heavens
A condom, a rollie, pain, a fat blunt and a mack 11
That's all I see in my life and they tell me to make it right
But I'm right on the edge of Everest and I might jump tonight
Have you ever had known a saint that was taking sinner's advice?
Well it's probably you, am I right? If I'm wrong, you a fucking lie
When I lie on back and look at the ceiling, it's so appealing to pray
I wonder if I'm just a villain, dealing my morals away
Some people look at my face then tell me don't worry about it
I give em back they deposit, no money, just total silence
I'm running, they say I'm wildin' a youngin' with lack of guidance
That's hundreds of us with problems: more money, more drugs and violence
Look at the soul of an out-of-control artist
That's dealing with life the hardest
That's on my life, but regardless I'ma Ride to it, ride to it
Cause I never know
When a bullet might hit
And I die to it, die to it
Die to it, die to it
Live my life, live it right
Be different, do different things
Don't do it like
He did, cause he ain't what I is
But we can win, wait
Let's be straight, to the point Yea, life can please ya
But death can tease ya
On the day Niko had that seizure
I lost one of my biggest believers
Close deaths make you think about your life

Like if I had that same chance twice
What would I do different?
I'd tell her I loved her more
Do more
But tease her bout crying on that picture
Now when I'm done recording
Swear I let the beat bang in her name
Make her shake her head in heaven saying
They at it again
Make them clouds turn to speakers
Don't take too much smoke from the reefer
Love being in the room with her peoples
Now my love life murking it
Family having surgeries
Hate it that the truth that chose for they life to be under me
Lord, what kind of life is this?
Mama I just wanna sing
Mama said, "According to get everything
You gotta risk everything"
So I'm smoking my kush reading Corinthians
Smoking my kush reading Corinthians
