

Sedna

Festuca

Your ways
Tipping me over
Darkest woman
Taking all Your ways
Taking me over
bottom talked to the hook I'll let him
I'll fall You spend the night
without love Your ways
Tipping me over All living is
taking me over
There's a true sin
calling for the night All living is
taking me over
There's a true sin
calling for the night Gotta love what you said
Stop taking me over
forgot what it means to apologize Sedna looked at the sea
All your love it starts slow
lonely where it's calling for the close And your ways...
