

Tongue-Tied

Aqualung

I'm tongue tied
Waitin', hopin'
And prayin'
Lyin' beside you
Longin'
To touch you But this feels like the end I'm so tired
We are driftin' too far
Eyes closed
Tightly thinkin'
There might be
Some way But this feels like the end What went wrong
I need to know
I can feel
You're letting go
Though there is
So much to say
I'm tongue tied
Hmm, I'm waiting
Hmm, hmmm I'm tongue tied
I'm waitin', hopin'
Prayin'
So near, yet so far
Alone
Together Still this feels like the end Still this feels like the end
Feels like, feels like the end
