

Jet Lag (Acoustic) [Live]

Joss Stone

A Little light jazz
Whisper softly
While my heart melts
For you and I'll see
Only sunshine
Only moonlight
For the first time its real And the higher you take me
The more that you make me
Feel so hazy
Tell me what this means I got jet lag and I never even left the ground
See it's like that every time you come around
Oh, I'm so hung over and I never even touched a drop
See I can't get enough
This must be love How the time flies
When you're near me
Get those butterflies
Inside and I'll be
Where the stars shine
Where the birds fly
'Till the next time you're mine And the higher you take me
The more that you make me
Feel so hazy
Tell me what this means I got jet lag and I never even left the ground
See it's like that every time you come around
Oh, I'm so hung over and I never even touched a drop
See I can't get enough
This must be love Whenever you're with me
It feels like gravity
Ain't got no hold on me
Tell me what does this mean
This must be love
Love I got jet lag and I never even left the ground
And it's like that every time you come around
I'm so hung over and I never even touched one drop
See I got jet lag Baby don't cha know
You really really got it goin' on
Baby don't cha know
You really really got it goin' on
Baby don't cha know

You really really got it goin' on
Baby don't you know
Baby don't you know I got jet lag and I never even left the ground
See it's like that every time you come around
Oh, I'm so hung over and I never even touched a drop
I never even left the ground
I never no no
Jet lag, jet leg
