

It's In Our Hands

Bjork

Look no further
Look no further
I look no further
Cruellest, almost
Always to ourselves
It mustn't get
Any better, off
It's in our hands
It always was
It's in our hands
In our hands
It's all there
In our hands
It's all there
In our hands
Well, now aren't we
Scaring ourselves
Unnecessarily?
Aren't we trying too hard?
'Cause it's in our hands
It's in our hands
It's all here
It's in our hands
Look no further
I look no further
It's in our hands
It always was
It's in our hands
It's in our hands
It's in our hands
It's in our hands
