

Rockin Chair

Oasis

I'm older than I wish to be
This town holds no more for me
All my life I try to find another way
I don't care for your attitude
You bring me down I think you're rude
All my life I try to make a better dayIt's hard enough being alone
Sitting here by the phone
Waiting for my memories
To come and playIt's hard enough sitting there
Rockin' in your rockin' chair
It's all too much for me to take
When you're not thereIt's hard enough being alone
Sitting here by the phone
Waiting for my memories
To come and playIt's hard enough sitting there
Rockin' in your rockin' chair
It's all too much for me to take
When you're not thereI'm older than I wish to be
This town holds no more for me
All my life I try to find another way
I don't care for your attitude
You bring me down I think you're rude
All my life I try to make a better dayIt's hard enough being alone
Sitting here by the phone
Waiting for my memories
To come and playIt's hard enough sitting there
Rockin' in your rockin' chair
It's all too much for me to take
When you're not there
