Tell It Like It Is

Heart

If you want something to play with
Go and find yourself a toy
'Cause baby, baby, my time is much too expensive
And I'm not your little boy
And if you, if you are serious
Don't go play with my heart, makes me furious
And if you want me to love you, ooh
Baby I will, ooh, yeah, I will
Tell it like it is, oh, yeah
Just let your conscience be your guide
You know deep down inside me, I believe you love me
Just forget your foolish pride
I think life is too short for all this sorrow
We might be here today, gone tomorrow
And might as well just get what I want
I wanna live, I wanna live
Tell it like it is
Don't be ashamed, now, let your conscience be your guide
ooh, yeah, deep down inside me, I believe you love me
Just forget your foolish pride
Oh, oh, oh
Tell it like it is
Oh, yeah, yeah, yeah, yeah, yeah
Let your conscience be your guide
Oh, oh, tell it like it is, baby, baby
I believe you love me
Just forget your foolish pride
Oh, tell it like it is
Tell it to me, baby, tell it to me
You gonna tell it to me right now, yeah, yeah
Tell it like it is
Oh, tell it, tell it
