

Song For a Friend

Jason Mraz

Well you're magic he said
But don't let it all go to your head
Well I bet if you all had it all figured out
Then you'd never get out of bed
No doubt
All the thing's that I've read what he wrote me
Is now sounding like the man I was hoping
To be
Keep on keeping it real
Cause it keeps getting easier indeed
He's the reason that I'm laughing
Even if there's no one else
He said, you've got to love yourself You say, you shouldn't mumble when you speak
But keep your tongue up in your cheek
And if you stumble on to
You better remember that it's humble that you seek
You got all the skill you need,
Individuality
You got something
Call it gumption
Call it anything you want
Because when you play the fool now
You're only fooling everyone else
You're learning to love yourself There's no price to pay
When you give and what you take,
That's why it's easy to thank you
You Let's say take a break from the day
And get back to the old garage
Because life's too short anyway
But at least it's better then average
As long as you got me
And I got you
You know we'll got a lot to go around
I'll be your friend
Your other brother
Another love to come and comfort you
And I'll keep reminding
If it's the only thing I ever do
I will always love

I will always love you
Yes you
I will always, always, always, always love
I will always, always love
I will always, always love, love
