One More Time

The Katinas

Lord, I saw your face last night
When I looked in the sky
You were smiling
You told me it would be okay
You would make a way
In my dark times
Every time I hear Your voice
Every time I feel Your touch
It makes me know that I can face tomorrow
One more time
When all my friends go away
Iâ€™ll be glad to say
Youâ€™re still near me
Even when the wind blows by
I feel warm inside
Youâ€™re so lovely
Repeat chorus
I need you, donâ€™t leave me
Without you I canâ€™t survive
Repeat chorus
I know that I can face tomorrow
â€˜Cause you will walk me through my
pain and sorrow
I know that I can face tomorrow
One more time
I can face tomorrow
You can face tomorrow
We can face tomorrow
One more time
