Death or Glory

Six Feet Under

Originally performed by Running WildReach for the riffle - go for the gun
Saddle the beast huge load to heave
Unstoppa bullrace now begun
Cry for the slaughter who would believeHunting the red one - blood on their breath
Searching horizons for clues of the kill
Blowing their own horn - stinking of deathTally ho.Touch of the tail but what to expect
Dog don't believe why to die for the queen
Lies to the allies - wrath with respect
Blood hounds of Hades - heeding the screamPounding of hooves they cannot control
Mud flying high as shit hits the fan
Break for the border - the thrill of it allTally ho.Clawing the reigns
Of a world gone mad treason
Breaking the chainsDeath or glory - pride or pain
Breaking down the rules of greed and gain
Hunter's hounds in the hands of the hunted
Death or gloryClawing the reigns
Of a world gone mad treason
Breaking the chainsDeath or glory - pride or pain
Breaking down the rules of greed and gain
Hunter's hounds in the hands of the hunted
Death or gloryDeath or glory - pride or pain
Death or glory
