La Lune

Madeon

Sometimes these memories pull us under
We get lost talking, days gone by
But we're not getting any younger
Now it feels like real life has dragged us in its timeSo we stay awake
Like we always do
And we try to recreate
And then nothing's changed
When I'm next to you
It doesn't feel the sameI would never change what our past is
Written in our bones, it's who we are
I just can't control where my mind goes
When it goes too far
So we stay awake
Like we always do
And we try to recreate
And then nothing's changed
When I'm next to you
It doesn't feel the sameDoesn't matter if we change
Doesn't matter at all
Don't you worry about me, friend
Don't you worry at allDoesn't matter if we change
Doesn't matter at all
Don't you worry about me, friend
Don't you worry if it doesn't feel the same
It doesn't feel the same
It doesn't feel the same
(It doesn't feel the same)
(Feel the same)
(Feel the same)
