

# I Just Want You to Know

## Milk 'n Blues

They say you're gone though I know you're still here  
When I'm all alone my heart is filled with warmth from memories  
Your smile; your eyes; your arms; such tenderness  
Your words; your love will live on  
I just want you to know

I just want you to know  
I just want you to know  
I just want you to know  
I just want you to know

Since I was young I have always known  
When things go wrong (you)  
Will you be there for me  
I'm waiting for you  
Will I stand waiting for you  
And I'm so proud

I just want you to know (know) (know)

I just want you to know  
I just want you to know  
I just want you to know

Is everything turnin' against me  
I'm face-to-face with the truth I just can't see  
Your heart (your heart)  
Is not (is not)  
Is not meant to be mine  
I gave you my love  
All my love  
I just want you to know

I just want you to know (4x)

And I just want you to know

I just want you to know (4x)

I just want you to know (2x)

My love there's some things that I wish I had told you (had I told you)  
My love I hope that you can hear what I say

My love there's some things that I wish I had told you  
My love I just want you to know
