I'm sorry that you cannot fuck with us, cannot squad whit us (x2)

I'm siply better 'ur girl so kinky
She says you haven't fed her
I gave her dick and now she's hella better
She with her girl they say her boyfriend does it matter
I guess you don't matter,'cuz i'm siply better
Can't remember shit, no chill on the jager, woke up in a new house
No chill on the acres, No ghost in my studio, I make my own paper
I guess ur just a faker, 'cuz i'm simply better
i'm simply better
i'm simply better
i'm simply better
