Circle the Drain (Demo)

36 Crazyfists

I've got myself deep this time, deep this time
Tons of frustration builds in mine, builds in mine
And it shows me nothing, it shows me nothing at allCircle the drain, circle the drainBackward solace right from your side, from your side
And you sit and criticize, criticize
Shows me nothing, it shows me nothing at allCircle the drain, circle the drainI don't need it, I don't need it
I don't need it, I don'tIt shows me nothing, it shows me nothing at allCircle the drain, circle the drainI don't need it, I don't need it
I don't need it, I don't
