

# The Struggle

## They Ate Isengard

Fuck this world and all the problems that comes with it  
Cancel everything, everything that breathes,  
every living being that moves  
I state the black from the white, the sad in your eyes  
You wanna break my voluntary demise, is it really that time yet? Despite the sad in your eyes you get me there  
Despite the sad in your eyes you get me there  
This struggle's turned me broken This struggle's turned me broken  
This aching's what I am This struggle's turned me broken  
This aching's what I am, what I am  
What I am, what I am  
What I am You gotta shape it up,  
You're gonna die I've been waiting for someone like you for all my life  
And now she's dead  
She's moved on to the heavens  
She reminds me of angels  
Protected by the angles  
Protected by the angels (You're not gonna be safe as long as I breathe  
You're not gonna be safe as long as I breathe) Time is our death  
You're not gonna be safe as long as I breath  
You're not gonna be safe as long as I breath  
You are not, you are not gonna be safe as long as I breathe  
Gonna be safe as long as I...
