

# Ego Brain

## System of a Down

Life is but a dream drifting on a stream, a stream  
Consciously it seems all of what remains, ego brain  
And they'd shame, shame, love after it rains You see my pain is real, watch my world dissolve  
And pretend that none of us see the fall  
As I turn to sand you took me by the hand  
And declared that love prevails over all I am just a man fighting other men for land, for land  
While I turn to sand in spite of the pain, ego brain  
And they'd shame, shame, love after it rains You see my pain is real, watch my world dissolve  
And pretend that none of us see the fall  
As I turn to sand you took me by the hand  
And declared, that love prevails over all All of what remains, ego brain  
And they'd shame, shame, love after it rains You see my pain is real, watch my world dissolve  
And pretend that none of us see the fall  
As I turn to sand you took me by the hand  
And declared that love prevails over all  
Love after it rains
