

Boogie 2Nite (Vanilla Ace & LeSonic Remix)

Booty Luv

Are you ready? Are you ready?
I hope you're ready
Are you ready? Cause I am
Said I'm ready to party yea Grab your coat, get your keys
Cause whatever you're drinking
It's on me
Stay here if you want to, say what you want
But I gots to party, needs me a party
Came here to get ya, but I can't wait
To grab me a partner and cut a rug up 2nite I found a place yea
Where we could boogie, boogie 2nite
I found a place yea
Where we could boogie, boogie 2nite Are you ready?
Are you ready?
I know you're ready Be ready here we are
Said we're off on the dance floor yea
Let me wet my throat, get 2 or 3
Then it's off to the dance floor
Follow me
Stand if you want to, stare if you want to
But I got to party, I'm up in the party
Glad that I got ya, and it's alright
You got you a partner, and cut a rug up 2nite I found a place yea
Where we could boogie, boogie 2nite
I found a place yea
Where we could boogie, boogie 2nite Electronic voice: Move your hips from side to side
